## GENERAL INFORMATION

1. Thomas R. Trafton, President, CRI
2. See 1 above.
3. A search was made of our files for 1980 to 1983. However after passage of time our records for those years are incomplete. No reference was found to direct business with Coakley Landfill.
- 4.-6. No other CRI personnel have records or memory of this matter.
7. We have never answered requests previously.

## FINANCIAL/CORPORATE INFORMATION

8. Chemical Recovery Inc., President: Thomas R. Trafton, 376 Commercial Street, Boston, MA 02109.
9. Not a subsidiary.
10. State of Incorporation: Massachusetts. Agent for Service: Thomas R. Trafton.
11. General transportation.
12. Liability insurance from 1969 to present.
13. Information not available at this writing.

## TRANSPORTER INFORMATION

14. To the best of my memory , in 1981 or 1982, CRI arranged for the transport of a small quantity (perhaps 500-1000 cubic yards) of non-hazardous sand-blasting grit generated by Portsmouth Naval Shipyard to Coakley Landfill. We contracted to remove sand-blasting grit during those years, but almost all of it was sent to other landfills. We can find no documentary evidence indicating use of Coakley but we may have used their facilities a few times during this period to dispose of excess amounts in an emergency. Portsmouth Naval Shipyard was generator of this material and should be consulted for exact information. I am certain that no other kind of material was ever taken to Coakley Landfill.
